PRICE, THREE CENTS

BORO TO JOIN IN NATION-WIDE WEEK

Will Be First Local Participation in "Better Homes" Movement.

MRS. MUELLER HEADS

This year will see Narberth's first participation in the "Better Homes in America" movement, one nation wide in scope and participated in last year by over 5000 communities. The movement focuses attention on the home during a "Better Homes" week which this year comes from April 21st to 27th.

Among the purposes of the better homes movement are the following:

To make accessible to all citizens knowledge of high standards in home building, home furnishing, and home life; to encourage thrift for home ownership, and to spread knowledge of methods of financing the purchase or building of a home; to encourage the furnishing of homes economically and in good taste; to extend knowledge of the ways of making home life happier through the development of home music, home play, home arts and crafts, and the home library; to promote the improvement of house lots, yards and neighborhoods, and to encourage the making of home gardens and home playgrounds.

The chairman for the "Better Homes" movement in the Borough is Mrs. Eberhardt Mueller, who is now engaged in enlisting her committee. Every local organization is being asked to participate by having one of their members on some committee.

An organization meeting will be held on January 31st at the Community Building at 7.30 P. M., at which time the plans for Narberth's participation will be developed.

Additional workers are needed and any women interested are requested to get in touch with Mrs. Mueller at once.

An exhibit of early American furnishings, quilts, furniture, books, etc., by individuals will be a feature of the week.

Both Sides Losers

After a fight between neighbors, residing at Narberth, had been thoroughly ventilated before Judge Heck, at Norristown, last Thursday, the jury in the case today decided that all involved were in the wrong and rendered a verdict for the defendant in each instance.

In the one case, Cammilo and Maria Finamore sought to recover damages because of a beating up they alleged they had received at the hands of Emedia Di Filippio.

In the other case Di Filippio demanded damages for an alleged beating up he had received at the hands of Cammilo and his wife.

By the verdict each side now has the privilege of paying the other side's costs.

Hear Mrs. Owen

The Dr. Benjamin Rush Chapter, N. S. D. A. R., held its regular meeting Saturday, January 12, at the home of Mrs. Frank Hewitt, 116 Essex avenue, the Regent, Mrs. Charles M. Irwin presiding. Following the business meeting, Mrs. Charles T. Owens, State Chairman of Better Films, was the speaker and her talk was of much interest to the large number present. At the close of the meeting the hostess served delicious refreshments and a social hour was enjoyed.

To Give Card Party

On Saturday, January 26th, a card party will be given by the choir and Fellowship of All Saints Church, Wynnewood, at the parish house. Catherine Getz is acting as chairman of the Fellowship committee. Last Sunday evening several xylophone solos were rendered by Parker Reed. A play is being given on Friday evening, January 25th, by the diocese fellowships. On Sunday, the 27th, the Fellowship of All Saints will entertain the Fellowship of St. John's Church, Cynwyd.

Signs Contract

Harman to Remain As Haverford Coach

Announcement was recently made that Harvey J. Harman, Jr., of 15 Woodbine avenue, Narberth, had signed a three-year contract as head coach of the Haverford College football team.

Mr. Harman, who is also an instructor in Civics and track coach at Lower Merion High School, has been associated with Haverford football for seven years. He came there in the fall of 1922 after having graduated from the University of Pittsburgh that June. At Pitt he played on the varsity for three years, making Walter Camp's All-American team his senior year.

The renewal of the contract received favorable comment at Haverford both from college officials and from the student body. As far as the college is concerned the new agreement is for a period of three years, though Mr. Harman may withdraw after one or two years.

Mr. Harman received an A. M. degree from the University of Pennsylvania last year.

To Hear About Music

The regular monthly meeting of the Mothers' Council will be held on Monday evening, January 21st, at 8 o'clock, in the Narberth Public School. The subject of this meeting is "The Place and Need of Music in Our Lives." Mr. Osbourne McConathy, Assistant Editor of Progressive Music Series used in the school, will be the principal speaker of the evening. The Girls' Glee Club, under the direction of Miss Fricke, will sing. This promises to be a most interesting evening touching upon a side of education that is sometimes overlooked.

A most cordial invitation is extended to all the new members who have joined during the recent membership drive. The old members wish to welcome them and know them better.

Main Line Repertory Rehearsing Three Plays

Mrs. Henry A. Bomberger, of South Ardmore, is directing rehearsals for three one-act plays to be presented by the Main Line Repertory Theater, at Belmont Mansion, Fairmount Park, on the evenings of February 8 and 9. Miss Elizabeth McCloy, of Overbrook, assisted by Miss Elizabeth Cunningham, of Rosemont, is directing the stage settings, which will interpret advanced ideas of scenic effect.

Particular effort is being expended upon "The Rope," one of Eugene O'Neill's early plays. The other plays to be given are "Rehearsal," by Christopher Morley, famous Haverford alumnus, and "Suppressed Desires," by Susan Glaspell.

Junior High Five Meets N. Y. Champs Tonight

Tonight, at 8 o'clock, in the Junior High gymnasium, Montgomery avenue and Church road, Ardmore, the Lower Merion Junior High School basketball team will play a challenge game with the McKenzie School, junior champions of New York State. The public is expected to turn out well for this contest. The Junior High Band will play with promised gusto.

WINS LEAGUE GAME, LOSES TO ACADEMY

Lower Merion Beats Abington in Nip and Tuck Fight, 22-21.

EPISCOPAL IS VICTOR

Coach Anderson's Lower Merion High basketball team split honors with the opposition in two games played this week. On last Friday the Maroon and White, playing in Ardmore, was victorious in a Suburban League game with Abington by one point, 22-21, but on Tuesday afternoon the Episcopal Academy squad took the High School boys into camp, 22-15, at the City Line avenue school gymnasium.

Stanley Thomas and Henry Gane, two fighting substitutes, put the finishing touches to the hard-fought game with Abington. The winner was chosen by Lady Luck, for the lead of one or two points see-sawed back and forth during the final period and it was a matter of chance which would be in the lead at the end. One minute before the game ended, Henry Gane walked to the foul line and made a good foul toss. Ten seconds later Stan Thomas took a pass from Warren Lockwood, eluded his guard and dribbled fast for the basket and dropped the winning margin through the cords.

Battlers Win in Interchurch Bowling

By setting down the Meteors three straight games last Friday night at the Ardmore Recreation alleys, the Battlers, of the Baptist Church, won the first half championship of the Narberth Church Bowling League. During the entire first half the Baptist Battlers and the Methodist Meteors had been running neck and neck and before the match last Friday night the Battlers were leading by one point, and the overwhelming defeat of the Meteors finished the first half five points ahead of the second place team.

The half way mark finds Titlow, of the Battlers, holding the high single game record, with 258. High three games is held by Chapin, of the Boosters, who, last Friday night, toppled the pins to the tune of 238, 243 and 195, for a high three-game total of 674. Bailey, of the Meteors, holds high average for two-thirds of games, with 173.

Following is the final standing of the clubs: the scores of last week's match; the averages for the first half of all the bowlers, with each man's handicap for the second half. The second half schedule, which starts Friday night, January 18, is also listed.

Daughters Inherit \$50,000

Emanuel L. Barr, late of Narberth, in his will admitted to probate in Norristown, gives an estate valued at \$50,000 to his two daughters, Isabella Bolton and Cecelia Barr, after making a bequest of \$10 to his widow, Amelia Josephine Barr.

Godfrey N. Degerberg, Merion, leaves the income of his estate, valued at \$115,000, to his widow, Nora Shields Degerberg, for life or until she remarries, after which the children are to receive the income. The principal reverts to the grandchildren.

Many Garages Erected; More Permits Granted During 1928, Report Shows

A slight increase over last year in the number of individual building operations was indicated in the annual report of the Superintendent of Public Works as submitted in the report of the Building Committee of Council Monday night.

While there were no large operations, such as the theater the year before, the permits totaled 124 for the year 1928 as opposed to 105 during 1927. Twenty-nine new garages were erected in the Borough during the year, testifying to the increasing popularity of the automobile. Alterations accounted for 27 permits while 34 went for new roofs. The remainder were divided among additions, sheds, stores, demolishing, new buildings and shops.

PRINTING SUBJECT OF ROTARY TALK

Ralph S. Dunne Sketches Craft's History From Franklin to Present.

SEVERAL GUESTS THERE

As a fitting observance of the 223rd anniversary of whose birth is being celebrated this week, Ralph S. Dunne chose "printing" as the topic of his talk at the weekly meeting of the Bala-Cynwyd-Narberth Rotary Club on Tuesday.

Several prominent guests were present at the meeting, among them Guy Gundecker, of the Philadelphia Rotary Club and a past president of Rotary International; William Kittridge, art director of R. R. Donnelly & Sons, of Chicago, an eminent typographer, who is at present engaged in re-designing the Rotary magazine; Dr. Barclay Jones, of the Friends' Central School of Overbrook; Robert J. Boyd, of the Merion Title and Trust Company of Ardmore. Kinney was a guest of Mr. Dunne's at the meeting.

In tracing the progress of printing from the time of Franklin down to the present, Mr. Dunne drew on his knowledge of the craft derived when he was connected with the Franklin Printing Co. of Philadelphia, and emphasized Franklin's virtues as a printer which are often overlooked in the midst of his other accomplishments. "Old Ben," said Mr. Dunne, "was a printer par excellence. He not only did good work himself but encouraged high standards of craftsmanship both directly and through force of his example. He used the type faces which have survived to this day, and perhaps for that reason his work strikes us as modern. The Caslon types which he favored are in high repute this day."

"In the nineteenth century," continued Mr. Dunne, "printing, as with the other arts and crafts, suffered a decline of good taste and artistic feeling. It was the period of hair stuffed furniture and iron deer on the lawn. A recovery was staged along about 1890 when a man in England, William Morris, who was known for his work in furniture and architecture, entered the field of type designing. His heavy lines helped abolish much of the gingerbread work common at the time. Then along came Bruce Rogers in this country, who worked with Morris, and Updike with his Merrymount Press, and Goudy, who all helped to bring back printing to the fine standards current during the seventeenth century. Bruce Rogers," said the speaker, "is probably the foremost typographer in the country at the present time. He is now connected with the printing house of William Edwin Rudge at Mount Vernon, N. Y."

Mr. Dunne went on to describe the process of making half-tone engravings such as are common in the newspapers and magazines, and the three and four-color process printing which adds such beauty to our national magazines, illustrating his talk with wash drawings, showing the progressive stages in making such color engravings.

Rotarian Charles Aldred and Robert J. Boyd sang a duet, which was enjoyed by all the members.

Rotary Speaker

Ralph S. Dunne of the Narberth Coal Company, who spoke on printing at the Bala-Cynwyd-Narberth Rotary Club luncheon on Tuesday. Before going into business for himself as a coal dealer, Mr. Dunne was connected for several years with the Franklin Printing Company of Philadelphia.

Drug Store Reopens Under New Auspices

A Media Drug Store, one of a growing chain of stores serving Philadelphia and suburbs, opened its doors Thursday morning on the site of the store at Narberth and Haverford avenues, operated until recently by Claude H. Crane.

Mr. Crane's store was ordered padlocked for one year by a Federal court following his conviction on a liquor charge, but the court removed the padlock when a new tenant, the Media Drug Stores, was produced by W. D. Smedley, the owner of the building.

Considerable alterations and improvements have been made by the new tenant, making a most attractive store. A double door has been put in, making easier entrance and exit possible, while internal features have been considerably changed.

The Media Drug Stores, of which this one is the thirteenth, were first organized in Media, Pa., in 1917. John Scanlon, Jr., is the manager of the new store.

Winter's Coldest Day Follows Mild Period

An official temperature of five degrees above zero, the lowest reported this winter, was observed by Charles Decker, of the United States Weather Bureau, with offices at Narberth, on Monday. Throughout the section on Monday, unofficial temperatures were reported at Ardmore three degrees above; at Bryn Mawr, 3; Wayne, 3; Paoli, 2; Gladwyne, 2. The cold snap followed a slight snowfall and a 32-mile northwest wind on Sunday. Monday's temperature, which ranged from 5 to 19 degrees, was 17 degrees below normal for January 14.

The cold weather followed a period of rather mild spell, which included on last Thursday nearly half an inch of rain. On Thursday the lowest temperature was 32 and the highest 51.

New Judgeship Asked

Mrs. Mabelle Kirkbride, of Norristown, Assemblywoman from the Second district of Montgomery county, on Tuesday introduced a bill in the House at Harrisburg providing for the creation of another judgeship in the Thirty-eighth district, which includes this county. Attorney Fred C. Peters, of Ardmore, and the other members of the county's legislative body will support the measure, which is expected to become effective at an early date. The bill will provide for an additional associate judge of the Common Pleas Court, which now consists of J. Ambler Williams, President Judge, and Harold G. Knight, Associate Judge.

Two Debates Today

The debating team of the Lower Merion Senior High School will debate twice today, first with Cheltenham High School at Ardmore at 9.30 A. M. and in the afternoon at Abington High School at 2 o'clock.

Representing Lower Merion against Cheltenham will be Susan Abernethy, Arthur Hicks, Ruth Snyder and Madeleine Baughman, alternate. The team journeying to Abington will be composed of Robert Cunningham, Clarence Dockens, Pat Brady and Elizabeth Vannemann, alternate.

COUNCIL ADOPTS BUDGET, TAX RATE

Ordinances Embodying 19-Mill Tax Rate and Budget Not Opposed.

BORO IN GOOD SHAPE

Both the 1929 budget and the ordinance setting the tax rate at 19 mills were passed at second and third readings at the January meeting of Council on Monday night, and signed by the burgess, thereby being entered upon the Borough statutes.

The new tax rate supersedes that of 20 mills set last January, and is the second cut in the Borough rate within the year. Last year's cut was one of 4 mills, amounting to a \$10 chop off the average citizen's tax bill.

The budget calls for a slightly larger sum than last year, \$83,399 as opposed to \$82,740 for 1928. Included in it is a \$2000 appropriation for the Narberth Community Library. With the floating indebtedness of the Borough wiped out, its financial condition is particularly pleasing.

A unique situation was also pointed out by the Borough Fathers; that being that this was the first time within any Councilman's memory when it was not necessary to borrow money during January. Usually after paying the month's bills it is found necessary to borrow a sum to carry over until more taxes had been collected and other revenue began to come in. The situation this year is attributed to the good work of the Tax Collector in getting in the 1928 taxes early and also in part to a sum carried over from the street paving fund of the Highway Department.

A resolution was passed authorizing President Daniel Leitch and one other Councilman to attend the annual meeting of the Pennsylvania State Association of Boroughs, to be held at Harrisburg on February 19, 20 and 21. The association's meetings have a very direct influence on legislation affecting Boroughs in the State Legislature, and it was thought for this reason that two Narberth representatives should attend, either the Burgess, Henry A. Frye, or the Borough Solicitor, Hon. Fletcher W. Stites, will also be in attendance.

School Work Goes on as Illness Subsides

While the attendance among the students of the two Lower Merion High Schools is not yet normal, the number of absences has steadily decreased since the holidays. The last few days before the holidays and the first two days following New Year the absentees numbered around 160 for the two schools.

This past week, however, the unusual number of colds and cases of grippe which had spread throughout the township has dropped and the number of pupils absent has decreased to around 75 for the two schools. Very few of the teachers have been reported absent from the two schools and the routine of work is back to normal.

Narberth Wills Filed

Wills of two late Narberth residents have been admitted to probate by the Register of Wills at Norristown.

Frank E. Hammer gives an estate valued at \$17,000 to his wife, Ada F. Hammer, who is also named executrix. The will was executed December 4, 1923.

Emilie B. Mecke gives the income of an estate valued at \$15,000 to her children for life, with reversionary interest vested at her death in her grandchildren. The Real Estate Trust Company is named executor of the will, which was executed October 15, 1924.

Women Invited

Judge Edwin Lewis, of Philadelphia, will be the speaker at the Hannah Penn House, Seventeenth and Locust streets, Philadelphia, on Monday, January 21, at 2.30. All women are invited.

OBITUARIES

Rev. Milton E. McLinn

The Rev. Dr. Milton McLinn, former pastor of Holy Trinity Lutheran Church, died Tuesday in a hospital at Princeton. He was 80 years old.

Dr. McLinn studied medicine and planned to be a surgeon, but before he had engaged in practice he turned to the ministry. He retired three years ago, and after that made his home at Princeton.

He and Mrs. McLinn celebrated their fiftieth wedding anniversary in 1925. At a dinner given on that occasion, announcement was made that Gettysburg College had conferred the degree of doctor of divinity upon him. His residence in the borough was 214 Essex avenue.

The clergyman is survived by his widow, Mary E. McLinn, and by three children, Mrs. R. D. Clare, of Baltimore; Ruth McLinn, of Princeton, and George E. (Stoney) McLinn, sports columnist on the Evening Ledger.

The funeral will be held at 2 P. M. today from the Lutheran Church, with the Rev. Cletus A. Senft in charge. Burial will be in Westminster Cemetery.

Elizabeth E. Peacock

Elizabeth E. Peacock, sister of N. R. Peacock, of 407 Essex avenue, died January 1 at her home on Radnor road, Wayne. She formerly lived in Merion. Interment took place in Barren Hill Cemetery.

St. Margaret's Wins Series

Shooting with incessant precision from all angles of the floor the fast-stepping quintet of the St. Margaret's School easily swamped the Lourdes C. C. of Overbrook by the score 25-5, thereby capturing a three-game series, having capped the opener, 27-11, and dropped the second, 20-13.

George Maguire, Villanova sophomore, led the scorers with five field goals while George Witte's enigmatic shifting featured the rapid-moving contest.

The end of the first half found the local five with the commanding lead of 10-0 and it was not until the last few minutes of the terminating half that the Lourdes managed to tally two field goals and a foul goal.

Stalloff, of the visitors, was responsible for the last-ditch performance of the challenger.

Pea Coal

used wisely can be the means of reducing your cost of heating.

It can and should be used with stove or egg coal during the extremely cold winter weather or used separately during the milder weather of Spring and Autumn.

Pea coal sells from \$4.00 to \$4.25 per ton less than Stove and Egg coal.

Think what this saving will mean to you by using less of the larger sizes and more of this desirable small size Anthracite.

We will be glad to come to your home and show you how it can be used to meet your own particular needs.

To Prepare Large Scale Plan of Borough

The report of the Highway and Sewer Committee of Council as presented at Council at the January meeting on Monday night is as follows:

The following is the report of your Committee on Highways and Sewers for the month of December, 1928:
Our expenditures during December totaled \$1140.04, of which \$33.60 was for the purchase of materials used in connection with street cleaning and the remaining \$1106.44 was for labor as follows: For collecting 914 cubic yards of ashes, \$777.60; for street cleaning, \$253.80; for clearing away snow, \$26.44; for the Christmas holiday, \$48.60.

We have ascertained from Albright & Mebus, the borough engineers, that they can provide, at a cost of about \$250 a plan of the borough of Narberth drawn to the scale of one inch equal 100 feet, showing all streets and private roads open to date, block dimensions and sewers in colors. No individual property lines would be shown. The price would include supplying the borough about six black line prints. We recommend that this committee be authorized to expend not more than \$250 for that purpose.

In order that it may become a part of the borough records, we are submitting herewith as a part of this report, a letter written by Mr. Supplee, the Superintendent of Public Works, on January 2 giving an itemized report of the work of the Borough Highway Department for the entire calendar year of 1928.

Thirty-two permits were issued for opening of public highways at a cost of \$5390.

During the year the following expenses were incurred for labor and materials as noted:

Collecting 8693 cu. yards of ashes	\$7854.65
For cleaning highways	3512.46
For repairing highways	1390.61
For maintenance of sewers	940.48
For rent of roller	86.80
For installing gasoline pump at fire house and ex-	

Autocar Company Entering Prosperous Era Following Reorganization Period

Industrial Leader

Robert P. Page, Jr., who recently completed another successful year as president of the Autocar Company of Ardmore.

One year ago the Autocar Company was the seat of many rumors that unfavorable interests had taken control of the plant at Ardmore, or that the factory was about to close down.

One major industry in a community such as Ardmore will be reflected in the advancement of that community. When the industry is experiencing good business, the community also experiences good business. When business is slack in the trade, then the merchants in the community can readily point to a falling off of goods sold.

It has since been proved that all the groundless talk had as a basis of fact the reorganization period through which the Autocar Company went during the first months of 1928. This period of reorganization brought to the company a new era of men and ideas.

These new men and ideas have proven their worth to the Autocar Company by an increase in volume of sales and by a decrease in production costs. New methods have produced better units at lower costs. New ideas in merchandising have given to the commercial truck world units of transportation that are the leaders in their respective fields.

As a proof that this is not talk, but actual fact, prices of Autocar common stock can be quoted to show the truth of these statements. One year ago, common stock of this company went begging on the New York curb market for the want of offers. Within the past two weeks, an increase of 700 per cent. in the market value of Autocar common stock was refused by one man who holds shares.

Of the new ideas, special mention should be made of the new models that have featured 1928 in the history of the Autocar Company, the thirty-first in which they have continued an uninterrupted business.

With the inauguration of the engine-out-in-front models, as a companion line to the well known and approved engine-under-the-seat type, the local factory turns out a complete line of trucks that extend from 1½ to 5 tons rated capacities, in 4 and 6 cylinder models.

Late in 1927 the first of the new models was announced to the public. This model was a ton and a half, engine-out-in-front, high speed truck for quick deliveries. This model was also made in a two-ton capacity, and incorporated radical changes in truck building. It was called the Dispatch, to signify the type of work for which it was designed and manufactured. Sales of this truck were such that the orders fairly swamped the factory, and operations on other models were almost suspended to fill the orders for the Dispatch.

A 6-cylinder truck of 2½ tons rated capacity was next introduced to the motor world, early in 1928. This model was designed primarily for high speed intercity hauling, where the need was felt for a truck that would haul a stated capacity week in and week out with a minimum of repairs and a maximum of speed and efficiency.

The Ranger, as it is called, is selling well to those who need a truck that will sustain high speeds and maintain the greatest number of profitable working days. Large numbers of them have been sold to warehousemen

and truckers, as well as to oil companies who feel that the motor truck gives to them a mobility and cheapness of transportation that is lacking in the service rendered by the railroads.

Prominent among the exhibits that will feature the Annual Road Builder's Convention which will open on Monday in Cleveland, is a new rotary hoist mechanism which will allow the tilting of a truck body to a 60 degree angle. Added to this improvement precision machinery has been installed at the factory in Ardmore to make possible the production of a motor truck designed to be more perfectly balanced than the engine of any pleasure car on the market at the present time.

The officers of the Autocar Company are: Robert P. Page, Jr., president; John S. Clarke, vice president; John C. Taney, treasurer; Roscoe T. Anthony, secretary, and C. R. C. Custer, assistant secretary and assistant treasurer. There were no changes in the official personnel of the Autocar Company with the exception of the leave of absence granted to Mr. Walter T. Savoye, of Wynnewood, who, due to ill health, took an indefinite leave, and has not yet returned to active duty.

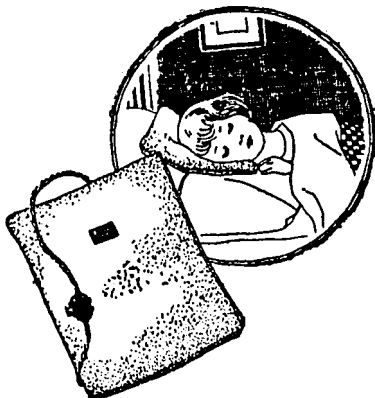

Men who have joined the Autocar organization within the past year are: F. W. Ayres, work manager; A. J. Brandt, co-ordinating executive; F. A. Ferguson, charge of material production and supplies; J. Jacques, charge of cab and body construction and design; E. J. Lestro, charge of standards; J. A. Morris, assistant sales manager in charge of wholesale sales; F. Stroh, superintendent of lower plant; R. O. Ensign, chief inspector, and William Taylor, plant superintendent.

VETERANS' POST ELECTS OFFICERS

Re-elect Commander Hickey
at Meeting Monday.
Buy Colors.

Daniel L. Hickey, Cynwyd, was re-elected commander of the Miller-Merkle Post, Veterans of Foreign Wars, at a meeting of the Bala-Cynwyd-Narberth organization held Monday night at the Woman's Club house, Bala avenue.

Other officers elected are: Alex. Betus, Narberth, Senior vice commander; Albert V. Whiteside, Bala, Junior vice commander; H. H. Sherbondy, Cynwyd, chaplain; Frank Leins, Narberth, quartermaster; David Carr, Jr., Cynwyd, adjutant; Herman P. Dolan, Bala, officer of the day; Theodore Baxter, Cynwyd, quartermaster's sergeant; and William J. Super, Cynwyd, sergeant-major.

Report was made that the post, which was organized last August, boasts of forty active members. Its new colors, purchased from funds obtained at an Egyptian Theatre benefit performance, will be placed on view in a fortnight in the show window of some prominent local merchant.

SON SUCCESSOR TO LATE POSTMASTER

Joseph M. Baltz in Charge of
Post Office at
Ardmore.

Joseph M. Baltz, of Cricket avenue, Ardmore, assumed charge this week of the Ardmore Post Office, filling the vacancy caused by the death last Sunday of his father, John R. Baltz, who had been postmaster for the last four years. Mr. Baltz has been notified of his choice by Congressman Watson and expects to receive a Federal appointment as acting postmaster within a few days.

The present postmaster has been employed at the Ardmore Post Office for the last sixteen years, the only break in his service occurred during the World War when, for 28 months, he served with the Sixth Marines, Second Division.

He is a member of the Thomas-Robert Marine Post, 186, American Legion, and of the Cassia Lodge, F. and A. M. of Ardmore. He is a Republican in politics and for several years has been active in Lower Merion township civic and political affairs.

Flu Cures Rapped

"The present epidemic of influenza calls for caution and care on the part of the individual. Unfortunately, it is not the sort of thing that lends itself to mass-control," said Dr. Theodore B. Appel, State Secretary of Health, today.

"A very general tendency has been noted on the part of some to capitalize the present situation by offering to the public various allegedly high-powered and highly advertised preventives. And in this connection, it may be said that if one is suffering from a flu complex the best thing to do is to forget it. Expensive articles flashily brought to the attention of the public by way of hand bills and other publicity media usually have as their main object the extraction of money from one's pocketbook rather than that of rendering a definite service.

"If you should become ill, call your doctor immediately and follow his instructions implicitly. Put not your trust in false gods."

Community Club to

Present a Comedy

The comedy, "Ever Young," by Alice Grestenburg, will be given on Tuesday afternoon, January 22, by the Dramatic Committee of the Women's Community Club under the direction of Mrs. H. Stanley Rickert, dramatic chairman. The characters will be portrayed by four members: Mrs. J. Harris, Mrs. Charles H. Shaw, Mrs. C. F. Keibler and Mrs. Rickert. This afternoon will be a play day for the club and there will no doubt be a capacity audience.

The Literature Class will postpone its meeting on January 17 so the members may attend the Montgomery county meeting at Ardmore. This class is being well attended, and is, through the study in creative reading, learning an appreciation of reading to be secured in no other way. The book and play reviews have also been of great interest as most of the latest books are reviewed and all of the current plays. The Sub-Junior Department have taken up the work in braille for the blind and have also been busy with other charity work. This group of girls are doing splendid work.

The dressmaking class numbering 23 members will have their next meeting on January 23 and 24. All the members are urged to attend on Thursday afternoon, January 24, as both teachers, Miss Beadles and Miss Mason, will be present. This class have their dresses all cut and partially completed and we may expect some fine results and at such a small cost.

OUR PRESCRIPTION DEPARTMENT

No prescription which you entrust to us to fill ever leaves our hands until we are absolutely sure that it contains exactly what your doctor has ordered. It is interesting to know how we check these prescriptions.

When the pharmacist, who compounds your prescription, is finished, he leaves the bottles from which he has taken ingredients on a table with the finished prescription and the original doctor's orders. He then calls in another man, who checks back these bottles with the order, and the prescription. This is done solely to insure accuracy.

We use only fresh, pure drugs of the highest quality in our Prescription Department and only graduated Registered Pharmacists are employed.

LOWER MERION SPLITS

Mandes Badly Missed.

Lower Merion still misses the tight guarding of Albert Mandes, who has been out of school since the holidays. He is moving around now, however, and viewed the game with Abington from the players' bench in "civies."

Warren Lockwood returned to school last week, but he has not been strong enough to reach his previous effectiveness. He took a terrific beating during the first half of the game, but had the stamina to come through with four much-needed points. He was a marked man from the time the whistle started the game until the last minute.

Fouls Disqualify Regulars.

Segal, Sherwood and Kohlhas left the game in the last quarter by the personal foul route. Abington suffered similarly, as Allen and Kneeder followed them in short order. Allen was a real loss, as his two field goals showed possibilities of more to follow. Edward Kenyon, who substituted for Allen, however, kept up his good work by accounting for seven points while he was in the game. Rossiter, the big center for the Abington team, was the real troublemaker from the Lower Merion viewpoint. He shot two beautiful field goals in the last three minutes of play, which looked like doom for the Maroon.

As Upper Darby won a neat game from Norristown Friday evening following Lower Merion's victory over Abington, the race in the Suburban League assumes an interesting complexion. Four teams are leading the league at present.

Academy Boys Winners.

Lower Merion lost a close game to Episcopal Academy Tuesday, with the 22-to-15 margin of victory hinging on the foul shots which the Episcopal boys made. Neither side managed to score often from the field, but Lower Merion booted many chances to drop a sleeper into the cords.

Lockwood and Laughlin, two of the best shots around Philadelphia, failed to score from the field during the entire game. Lockwood is still weak from his recent illness and finds it hard to get started again.
